SUMMARY

I am a dedicated individual who prioritizes my goals. I constantly work to meet the greatest standard attainable for every given activity. Integrity, teamwork, honesty, adaptability, and a willingness to learn and evolve are all aspects of my work ethic.
I have a keen interest and aptitude for software and hardware design as well as anything in the field of technology.
As an Islamic activist, aspiring full stack developer, and graphic designer, I bring a diverse skill set to my academic and professional journey
